Dear Mr. and Mrs. Leichty and all the members of the Washington Cruisers Car Club:

Thank you very much for your \$2,000.00 donation to the Ronald McDonald House Charities of Pittsburgh. Thank you as well for your continuing support and loyalty. I am honored that you think of us each year for your charitable donations. Gifts like yours enable us to continue our mission of providing a safe, affordable and comfortable place for families to stay while seeking medical care for their children. Your generous support ultimately impacts each guest.

We provide each family with a small private apartment, and our top floor offers warm communal spaces, including a large well-equipped kitchen, a living room, library, computer area, play area and a dining/activity room frequently used for parties, games and arts and crafts in addition to dinners.

We hope our hospitality allows each family to forget their everyday worries and concentrate on the health and healing of their child. We always strive to do more for the families we serve, and to offer them with some moments of fun and joy during their stay. In the past year we added a pull down screen and projector in the family area for movie nights, received new mattresses for all the rooms and hosted our annual Summer Patio Party, this year with a '50's & '60's rock 'n roll theme.

Your support of the House makes you a part of all our endeavors. Thank you again for thinking of the House and our families. Your donation is truly appreciated by us, and by those who benefit from our services – the children, parents and guardians who stay here.

Sincerely,

Eleanor B. Reigel

Fun fact

Did you know the world's first drive-in gas station opened in Pittsburgh on Dec. 1, 1913 at the intersection of Baum Blvd. and St. Clair Street in East Liberty. It was a Gulf Oil station.

There was already gas stations around, although they were primitive.

People converted old shacks into gas stations and they used water heaters and barrels to store and dispense fuel.

Motorists could also buy gas directly from pharmacists and blacksmiths. They were places that happen to sell gas, but they weren't designed to sell gas. What happened in Pittsburgh, that was the first gas station that was designed to sell gas. The gas station only sold 30 gallons of gas the first day at a whopping 27 cents a gallon.

If only it cost that little today!
We can dream right?
